

JDD-VCW Velcro braided wrap can help to create a tidy and well-regulated environment. It can be easily wrapped and closed over the cables. It can be re-opened rapidly to manage cables to be added or removed, and breakouts can be made simply by bringing cables out through Velcro. Open weave design easily conforms to many irregular shapes.

### Application

### Drawing

Velcro braided wrap is widely used for management of A/V cables and power cord in home theater, computer, TV support and so on.
